The Honorable Sylvia M. Burwell  
Director, Office of Management and Budget  
725 17th Street, NW  
Washington, DC 20503

Dear Ms. Burwell:

We are pleased to provide the annual progress report on our Tribal Consultation and Coordination Plan. Since we submitted our last progress report on August 9, 2012, we completed a number of activities to advance our plan. We detail our progress in the enclosed report.

Our Tribal Consultation Workgroup met regularly to review our consultation policies and outreach efforts. While there have been no policy, legislative, or regulatory proposals that required formal consultation in the past year, we continue to work closely with tribal leaders through our communication, education, and outreach activities.

If you have any questions, please contact me or have your staff contact Kojuan Almond, our Associate Commissioner for External Affairs, at (410) 965-1804.

Sincerely,

/s/

Carolyn W. Colvin  
Acting Commissioner

Tribal Consultation Plan – 2013 Progress Report

Since our last progress report on August 9, 2012, we have had no policy, legislative, or regulatory proposals that required formal consultation. Our Tribal Consultation Workgroup will continue to monitor whether any new proposals have tribal implications. We will continue to strengthen our relationships with Indian tribes, as defined in Executive Order 13175 - Consultation and Coordination with Indian Tribal Governments, through ongoing communication, education, and outreach activities.

Maintain and Expand Ongoing Communication

To improve access and understanding of our programs, we continue to conduct programmatic seminars with Indian tribes, provide program-training guides to tribal benefit specialists, and provide information about our programs and services to tribal community members.

Since our last progress report, we also:

  file for benefits, request appeals, requests replacement Social Security cards, and obtain other
  services.
Continuing Outreach and Tribal Consultation Efforts

We continue to enhance outreach and consultation efforts with tribal communities by:

1. **Seeking Input from Tribes**

   We meet weekly, via conference call, with benefit coordinators from the Blackfeet Tribe in Browning, Montana, Fort Peck, and Fort Belknap, Montana reservations to address tribal member’s service delivery issues.

   We meet monthly with the Grand Traverse Band Indian Tribe, Peshawbestown, Michigan regarding program benefits and services for tribal community members.

   We meet quarterly with the Moapa Indian Tribe in Moapa, Nevada and provide information about our programs and services.

   In September 2012, our Chicago regional staff and the Michigan Disability Determination Services staff held a Tribal Advocacy meeting in Traverse City, Michigan. We addressed program entitlement questions and provided information on our programs and services to tribal leaders from the:

   - Saginaw-Chippewa Tribe, Mount Pleasant Michigan;
   - Lac Vieux Tribal Council, Watersmeet, Michigan;
   - Pokagon Band of Potawatomi, Dowagiac, Michigan;
   - Nottawaseppi Huron Band of Potawatomi, Fulton, Michigan;
   - Mille Lacs Band of Ojibwe, Hayward, Wisconsin;
   - Grand Traverse Band of Ottawa and Chippewa Indians, Peshawbestown, Michigan;
   - SuHannaville Potawatomi Tribe, Wilson, Michigan;
   - Saginaw-Chippewa Tribe, Mount Pleasant, Michigan; and
   - Gun Lake Tribe, Wayland, Michigan.

   In May 2013, our Denver Regional Commissioner met with South Dakota Secretary of Tribal Relations in Pierre, South Dakota about promoting our Social Security programs and services on the [South Dakota Department of Tribal Relations website](http://southdakota.gov/tribal-relations/) as a resource for tribal community members.

   In July 2013, Acting Commissioner Carolyn W. Colvin met with tribal leaders and members of the American Indians and Alaska Natives (AIAN) organizations to provide information about Social Security’s programs and service delivery options. Tribal leaders and AIAN organizations shared ideas about service delivery options in rural tribal communities and concerns about Supplemental Security Income (SSI) exclusions related to Tribal Trusts. As we continue to gather feedback on Tribal Trusts, we will work with tribal leaders.
2. Developing Core Consultation Issues

Currently, we have no outstanding consultation issues; however, we will continue to consult on issues involving program entitlement and benefit eligibility and legislative or regulatory changes.

3. Enhancing Staff Training and Awareness

We informed employees Agency-wide about the Native American Precedent Application (NAPA) intranet website. The NAPA website provides our claims technicians with a single location for obtaining specific income and resource information from an individual Indian tribe to determine tribal member’s non-medical SSI eligibility. Each Tribal government that has members who receive SSI has a single precedent that provides information for all members.

We collaborate throughout the year with Social Security’s AIAN Advisory Council to educate employees about American Indians and Alaska Natives culture.

We collaborated with the Department of Justice and the Internal Revenue Service to develop procedures related to the “Tribal Trust Accounting and Management Settlement Agreements” for Social Security field office staff processing SSI claims that involve settlement payments received by tribal members.

4. Consulting Regularly with Tribes

To date, no policy, regulatory, or legislative changes required formal consultation with the tribes.

5. Exchanging of Information between SSA and Tribal Governments

In October 2012, our Social Security San Francisco regional staff members, met with tribal leaders of National Congress of American Indians (NCAI) Elders and Disability Committee at NCAI’s annual conference. We shared information on our activities with tribal communities.

In November 2012, we published an article titled, “An Overview of American Indians and Alaska Natives in the Context of Social Security and Supplemental Security Income,” which examines the economic security of the AIAN population receiving Social Security benefits and SSI.

In November 2012, we sent a letter to the leaders of the 566 federally recognized Indian tribes and 5 Indian tribal advocacy groups, announcing updates to our Social Security AIAN website. In the letter, we highlighted an updated section on the AIAN website entitled, “Tribal Communications,” in which we:

- Posted a factsheet titled “The Ticket To Work Program And Becoming A Tribal Employment Network”;
- Posted a special poster developed in honor of National Native American Heritage Month;
- Provided information on our Tribal Consultation and Coordination plan; and
- Provided information on our video service delivery locations serving tribal communities.
We actively participated in a number of Indian Tribal events, including:

6. Additional activities in support of Executive Order 13270 - Tribal Colleges and Universities

As part of our outreach and communications efforts with tribal governments and tribal colleges and universities, we:

- Continue to contract with American University WINS program and offer 17 internships to Native American students for the summer of fiscal year (FY) 2013;
- Continue to collaborate with the American University WINS program to offer Native students internships for the remainder of FY 2013 and continue these efforts in FY 2014;
- Continue to work with Tribal Colleges and Universities and offer internship opportunities to Native students outside of the American University WINS program; and
- Continue to donate excessed furniture such as chairs, desk, printers, and computers in FY 2014.

We will continue to build upon our accomplishments and accelerate efforts to improve our consultation policy and communication methods with Indian tribes and tribal officials.
