Electronic Records Express (ERE): Access Provider's Electronic Requests

Instructions for Access Provider's Electronic Requests

This function is a part of the Electronic Outbound Request (eOR) feature. The DDS can electronically send Consultative Examination (CE) requests through the **Electronic Records Express** website to the CE Provider's administrative staff. This function allows the CE administrative staff to view outstanding electronic requests, download request letters and other supporting documentation, and conveniently submit responses to the CE Provider without having to enter any barcode index information.

Begin by logging into the **Electronic Records Express** with your username and password. Under the **Evidence Functions** heading, select **Access Provider's Electronic Requests**. This takes you to the page that allows you to access CE requests sent to the CE Provider from the DDS.
