Instructions for Prepare Report for Provider

The **Prepare Report for Provider** function allows a CE provider's administrative staff to prepare a CE report and send it to the appropriate CE provider. The CE provider then reviews and submits the report to the requesting office.

The **Prepare Report for Provider** link is available only for users registered to use this function of the website.

If you did not receive an electronic CE request, you must have the SSA or DDS CE request letter available to complete your action. Your first step is to log into the Electronic Records Express website with your username and password.
